

42ND INTERNATIONAL TATRA RALLY  
MAY 26 – 29, 2022

## INVITATION

TO

FAABORG, DENMARK

"BETWEEN CASTLES, FLOWERS AND SEA"

Dear members of the T.F.I., Tatra friends and guests,

After numerous requests at the T.F.I. Rally in Bad Vöslau in September 2021 to organize the T.F.I. 2022 Rally in Denmark, we are pleased to invite you on behalf of the T.F.I. Board to the 42<sup>nd</sup> International Tatra Rally 2022, this time in the far north: the beautiful small town Faaborg on the Danish island of Funen.

The southern part of Funen is one of the most beautiful areas in Denmark, with, among other things, a large number of small castles and manor houses, as well as hilly and scenic country roads. The many lilacs that characterize the landscape and are in full bloom in May are something very special for this area. We will have rich opportunity to enjoy all of this during the rally.

The venue of the rally is the hotel "Faaborg Fjord" just east of Faaborg, with a view of the archipelago south of Funen, only about 1½ mile from the center of the idyllic town of Faaborg. The hotel will reserve a section of its parking space for our Tatras (and any other participants' vehicle brands).

The whole event is organized as a complete package, and the participation fee includes everything:

3 x overnight stays in the hotel, all meals during the rally, coffee / cake, entrance fees, boat trip on Saturday, rally signs, etc. Only beverages with dinner Thursday / Friday / Saturday are to be paid individually.

Denmark is a country with numerous large and small islands, therefore also with a lot of water and many bridges and ferries. The city of Faaborg, however, can be reached from the south without any problems or fees for bridges or ferries.

Practical information:

Denmark has its own currency: Danish kroner, DKK. 1 DKK = 0.14 EUR.

Cash in Euros is not widely accepted, but international credit cards are accepted almost everywhere.

We as organizers with our assistants speak German, Czech, Slovak, English, Danish, Swedish.

Daniela Jacobsen & Svend Carstensen
